

SUBSTITUTE
SPECIFICATION

REMARKS

The Customer Service Center has required that Figures 1-4 which were embedded in the application as originally filed be withdrawn from the specification and presented as separate formal drawings. This action has been taken.

Further a substitute specification has been required (minus the embedded Figures). The enclosed substitute specification no longer includes the previously embedded Figures. Further, in the substitute specification, paragraph [0016] has been amended at the end thereof to add the term "in TABLE 1" following "below" and the period, and the title label "TABLE 1" had been added at the top of the table found at the top of page 7 (part of paragraph [0016]) No other changes have been made in the specification as originally filed.

Introduction of the enclosed substitute specification and formal drawings into the present application is respectfully requested.

Further, progression of the application and allowance of Claims 1-15 are respectfully requested.

No fee is believed to be due with respect to the present Response, but if a fee is due, please charge the same to our Deposit Account No. 16-1910.

Respectfully submitted,
